

## *Ixodes ricinus* nymphal ticks for 2014

**Figure S1 - *Ixodes ricinus* nymphal ticks per 100 m<sup>2</sup> for 2014.**

Map of the total number of nymphal ticks monthly flagged during 2014 and interpolated to the entire region of Baden-Württemberg, Germany. Sampling locations are marked by a circle showing both the observed (left half) and the modelled (right half) tick density.
